

 THIS CUSTOM DROPS  
FOLDING BOX CONTAINS:

PAIR OF GLOVES

CUSTOM DROPS

## INSTRUCTION LEAFLET

### ATTENTION, PLEASE NOTE:

Before use, please read the safety instructions carefully. Do not over pump the colour mixture as the first pump may deliver an inaccurate dosage.

### 1. PREPARATION

After shampooing, rinse hair and squeeze out excess water. Put on the provided gloves or commercially available reusable household gloves.

### 2. MIXING

Squeeze out 20ml of your favorite at-home conditioner into the palm of your hand (1 tablespoon or roughly golf ball size). Pump 2 pumps of the desired Custom Drops shade into the conditioner in your hand. Depending on the desired concentration and shade, up to 10 pumps of Custom Drops may be used. See application range on folding box for reference. The more pumps used, the more concentrated the colour. Gently mix the conditioner and Custom Drops together using the tip of your finger until the mixture is fully combined.

Note: If hair is longer than shoulder length, we recommend using 40ml of conditioner (equal to 2 tablespoons) and doubling the quantity of Custom Drops.

### 3. APPLICATION

Apply conditioner and Custom Drops mixture onto hair from root to tip. Ensure all hair is covered evenly. Allow the mixture to sit on the hair for up to 5 minutes. After processing time is complete, rinse out thoroughly with warm water until the water runs clear. Dry hair with an old towel as some staining may occur in the initial drying.

For a pure application (without conditioner), please separate a small section of hair, and apply a few drops to the hair, holding the section vertically in your hand (with gloves on) while distributing the colour evenly with your fingers.

## SAFETY INSTRUCTIONS

**!** Do not use to dye eyelashes or eyebrows. Rinse hair well after application. Avoid contact with eyes. Rinse immediately if product comes into contact with them. Wear suitable gloves. Keep out of reach of children. Keep the empty folding box and the instruction leaflet in case you experience a reaction.

### IF DURING COLOURING YOU EXPERIENCE

- any stinging or burning and/or rash, rinse immediately and stop colouring your hair as this may be an indication of a more serious reaction. Do not colour your hair again before consulting a doctor or seeking medical advice.
- rapidly spreading skin rash, dizziness or faintness, shortness of breath and/or swelling of eyes/face, rinse immediately and seek immediate medical attention and contact the manufacturer.

**IF AFTER COLOURING OR ON THE FOLLOWING DAYS YOU EXPERIENCE** problems such as skin or scalp itching, skin or scalp rash, swelling of eyes/face, blistering and/or skin or scalp weeping, seek immediate medical attention and contact the manufacturer.

### PRECAUTIONS

- This product contains ingredients which may cause severe eye irritation and possible permanent eye injury. If the product gets into your eye, flush immediately with a large amount of lukewarm water and seek medical advice.
- Do not inhale or ingest the product.
- Avoid unnecessary skin contact.
- Do not expose to sunlight. Staining may occur.
